

HOW TO ATTEND ?

Applications: PhD students may apply at any step of their PhD, although the preference will be given to works near completion and mature for publication. Please send a curriculum vitae and a one-page summary of your research (objectives, methods, main results) before March 31, 2016 to:

- philippe.hartemann@univ-lorraine.fr
- martin.exner@ukb.uni-bonn.de

Travel and accommodation: Students and senior scientists will be hosted at ADOSOM Windsor Residence, 16 avenue Windsor, 06406 Cannes, located at a walking distance from the train station and the Palais des Festivals. Accommodation, lunches and dinners will be paid by the sponsor. Extra-nights will be possible at students own charge (120 euros/night including meals). Students will travel to Cannes at their own charge.

Venue: The meetings will be held at the ADOSOM Residence, in English.

Dress code: Casual.

Format: Each student will be requested to present his research work with a PowerPoint presentation (maximum 10 slides, 15 minutes).

Seminar organized by :

8TH INTERNATIONAL WATER & HEALTH SEMINAR

CANNES, JUNE 27TH -29TH, 2016

ready for the resource revolution

In the wonderful environment of the French Riviera, with scientists from International Bodies and Universities, and under the sponsorship of SUEZ, 20 PhD students are invited to present their work and discuss their results with senior academic and industrial researchers.

Topics covered include emerging waterborne pollutants and pathogens, epidemiology, microbiology, toxicology, analytical chemistry, risk assessment, water treatment, water hygiene and public health. Topics related with the sociological aspects of risk management are also welcome.

Aim of the Seminar

- Favour the dialogue between young and senior scientists in this fast moving scientific area
- Allow young researchers to discuss their results with internationally recognized scientists
- Foster the dialogue between all disciplines contributing to the advancement of water safety
- Develop mentorship and networks between academic scientists and the water industry
- Identify new research needs to improve water safety well into the future

Water and Health Award

A 1500 € award will be attributed by SUEZ to the student bringing the best contribution to the advancement of water safety.

Scientific Committee

- Pr Jamie BARTRAM University of North Carolina at Chapel Hill, USA
- Pr Martin EXNER University of Bonn, Germany
- Pr Philippe HARTEMANN University of Lorraine, France
- Pr Paul HUNTER University of East Anglia, UK
- Pr Michael WILHELM Ruhr University Bochum, Germany
- Dr Jean-François LORET Suez, France
- Dr Daniel VILLESSOT Suez, France

Publications

Participants will be offered to publish their work in a special issue of the International Journal of Hygiene and Environmental Health (5-year Impact Factor = 4.126)

Eighth “Water & Health” Seminar for PhD Students

June 27th - 29th, 2016
Pre-Program

Monday 27th June 2016

14h00	Welcome address Seminar organization Introduction lecture	C. Campos, SUEZ, Vice-President Research P. Hartemann Invited senior scientist
15h00	Microbiology Session Senior Lecture	
15h45	Break	
16h15	PhD students presentations Discussion	
18h00	End Dinner	

Tuesday 28th June 2016

09h00	Microbiology Session 2 2 Senior Lectures	
10h15	Break	
10h45	PhD Students presentations Discussion	
12h30	Lunch	
14h00	Chemistry – Toxicology Session 2 Senior lectures	
15h15	PhD Students presentations	
16h00	Break	
16h30	PhD Students presentations Discussion	
18h00	End Dinner	

Wednesday 29th June 2016

09h00	Emerging pollutants Session Senior lecture PhD Students presentations	
11h00	Break	
11h30	Selection of the best presentation	
	Attribution of the Water and Health Award	P.J. Derian, SUEZ, Senior Vice-President Innovation and Business Performance
12h30	Lunch and end of the seminar	
13h30	Meeting of the Scientific Committee: Lessons learned, orientations for 2017	
14h00	Meeting of SUEZ Health and Environment Steering Committee
